a
Strategy ranking during the learning experiment
Reinforcement learning
Supervised (free choice)
Supervised (target skill)
Skier's choice
Coach's choice
Average ranking of strategy (1 = best; 4 = worst)
Stand against
Rock skis forward
Extend
Extend with rock skis forward
Familiarization
Forced exploration
Free choice 1
Free choice 2
Retention
Transfer
b
Race time for each strategy
Race time (seconds)
Treatment
Reinforcement learning
Supervised (free choice)
Supervised learning (target skill)
